

Homepage Error - Empty Button - A button is empty or has no value text.

Where the error appears on the site (top-right corner in Search Box)

Code that generates the error:

```
<input name="ctl00$txtsearch" type="text" id="txtsearch" class="header_nv_search_box" title="Search" placeholder="Search">
<input type="submit" name="ctl00$btnSearch" value="" id="ctl00_btnSearch" class="header_nv_search_button">
```

Recommended Solution: add the labels highlighted in yellow below to the template

```
<div id="header_search">
```

```
<asp:Panel runat="server" ID="pnlSearch" DefaultButton="btnSearch">
<asp:Label id="searchLabel" AssociatedControlId="txtsearch" Text="Search Box" runat="server" />
<asp:TextBox ID="txtsearch" CssClass="header_nv_search_box" title="Search" placeholder="Search"
runat="server" ClientIDMode="Static">
</asp:TextBox></asp:label>
<asp:Button ID="btnSearch" runat="server" Text="Search Button" CssClass="header_nv_search_button"
/></asp:Panel>
</div>
```
