

# HOW DO I START ON THE ROAD TO ADA COMPLIANCE?

Step 1: How can I run a report myself to evaluate what types of ADA errors are on my site?

Free version will only allow you to evaluate one page at a time

- [Using the Siteimprove Accessibility Checker Evaluation Tool \(docx\)](#)

Step 2: Are you ready to start remediating your website?

Designate an ADA coordinator for your area. Ensure they understand the ADA issues and know about the training, tools and suggestions that are available to them to assist in their remediation.

Step 3: Clean up your current website's content, documents, videos, etc.

- [Delete it or Remediate It!](#)

Step 4: Start to remediate your documents 1st

This is going to be the largest and most time-consuming part of the ADA remediation!
